IRONTON, MO., MARCH 25, 1920.

E. D. AKE, EDITOR.

VOLUME LIII. NUMBER 43

FOR PRESIDENT:

Edward I. Edwards,
OF NEW JERSEY.

A Democrat Unafraid to Voice the Faith.

DEMOCRATIC MASS MEETING.

The Democrats of Iron county, women and men, are hereby called to assemble at the courthouse in Iron-ton, on

Saturday, April 10th, 1920, at 2 o'clock P. M., for the purpose of electing four delegates, two women and two men, to the State Convention to be held at Joplin, Mo., April 23d, which said State Convention will elect the delegates from Missouri to the National Democratic Convention in San Francisco. Every Democrat in the county is urged to attend this meeting. FRANK P. AKE, Chairman Co. Central Committee. B. P. BURNHAM, Secretary.

Des Arc Items.

On account of the Baptist church being in the painters' hands our Sunday School went over to the Methodist church and they consolidated for one day. Everything moved off nicely. Mrs. R. H. Stevenson conducted both schools. She certainly understands her calling. She is a fine Sunday School worker as well as W. C. T. U. superintendent. May God bless her in this work.

The Leeper Merchandise Company has bought Add Reese's stock of goods at Annapolis and leased the store house for three years. I also learn they bought the furniture in the hotel.

I was over the Brunot road last week. It is almost impassable. We hope that work will be done on it soon. Two-thirds of our lumber comes over this road.

Our wire bridge at Des Arc needs a new floor. It is really dangerous for children.

Wm. Haefner, who formerly lived here and at Annapolis, visited his uncle, John Keathley, last week. He has been away from here over twenty-five years. He now lives near Potosi.

I was at Vulcan Monday. They need cars there. Everything is blocked with lumber. A saw mill will be put in there by Mr. Hardy. Wiley Roberts will be boss.

Glen Harrison and wife of Piedmont visited friends in Des Arc Sunday.

Potatoes are higher this spring than ever known before—\$4.50 to \$5 a bushel. ISAAC.

From the Des Arc Teachers.

The teachers certainly appreciate the cooperation of the public in contributing so generously to the piano fund, and for the splendid behavior and school spirit shown at the program and box supper Saturday night.

The proceeds of the supper were certainly an agreeable surprise to all. We wished to raise \$72 to finish paying for the piano and stage fixtures, but \$96.55 was readily and cheerfully given.

By this and other contributions we have received, we are able to add about fifty new volumes to our library and to pay in full for the school piano, which we bought only two weeks ago. We have added to the school equipment this year a new sectional book case, about fifty new volumes to the library, a large flag, two new wall pictures, and a sectional stage complete with fixtures.

In all of this we have received the loyal support of the school board and patrons, and we appreciate it highly.

Annapolis News.

The past week has been very stormy with rain and high water. Spring weather to-day.

We are all sorry that E. G. Eastman, the Iron-ton baker, has quit shipping us bread, pies and cake.

Miss Belle Lotz has been very sick the past week, but is better now. John W. Alcorn a couple of weeks ago shipped a car load of inch lumber that brought him a little more than \$700.

Moss & Kelly loaded something over twelve thousand feet of oak, pine and gum last week for which they received from \$45 to \$60 a thousand. Looks like anybody could make money saw milling at such prices. They have gone to Centerville to bring over a couple of circular saws they recently purchased.

John T. Webb got in a car of hay the past week. Sells at \$1.60 a bale. John Jackson of near Annapolis has quit the mines for a while and will farm this summer.

C. S. Williams, H. and Robert Miller of Sabula were in Annapolis Monday morning, having purchased The Keathley & Waterbury handle factory. They will operate it here for a few weeks and if they do not get sufficient timber will remove to Sabula and operate it in conjunction with a saw mill. Price paid, \$2500.

Joseph Williams of Minnimum died last week after a long illness with consumption. He was a good man and we regret to lose him.

D. A. Worley and wife have returned from a visit to their daughter in Midco.

Geo. Kemp is visiting his wife and children on the other side of the St. Francis river, below the mouth of Leather Wood Creek.

Walnut logs are not coming in so briskly. Probably thirty cars have been shipped from here.

C. Mann and Joseph Alcorn have bought the Ed Funk mill and moved

it to the Alcorn Hollow, near Annapolis, and will soon be sawing.

John and Joseph Alcorn have sold their saw mill to Stevenson & Bros., who have moved it to Lona Hollow.

Day. Culton says he will go south and work in the cotton fields this summer.

Ott Copeland has bought the restaurant business from Mr. Collins.

Chas. E. Bolch issued checks to the amount of \$2,000 to men employed at the mines the last week.

Green Brewer, who recently died on Black river, left a policy in the Woodmen for \$2,000 for his family. The shaft being sunk at the mines is now down eighteen or twenty feet.

Mrs. Gunter has been appointed postmistress at Annapolis. March 23. BULLETIN.

From The Far West.

Livingston, Montana, March 15, 1920. Dear Father and All—We arrived in Livingston yesterday, and there is some snow. Been snowing all day today, but isn't cold.

Well, I must tell you of the land draw. We went down and applied for it at the last minute and I filed on 40 acres and Otho filed on 160 acres. There were about 30,000 Soldiers filed on the land and only 60 units. I guess I can consider my self a lucky bird, as I drew mine, but Otho didn't. I almost dropped when my name was drawn out of the box first. Land all around there is selling for \$200 per acre to \$400.00 and I drew one of the choicest tracts, 7 miles from Frannie, and 2 miles from Dever, Wyoming, at the Entrance to the Yellow Stone Park.

I had to borrow the money to draw on which leaves me \$204. or in debt, but that doesn't worry me because there are oil wells all around it and I have the oil right on mine. There is one well about 8 miles from mine that produces about 800 barrels per day, and several close that run three and four hundred per day. The worst objection I have there is no wood on it, but I am not worried at all. One fellow wanted me to sell him my Relinquishment for \$1500 and I would not sell and will not at all, because there are great prospects of oil. Guess I'll go to work and try and get a house built on it this summer, as I've 6 months to go before I have to go on it.

Please send me my mail at once as I expected it here now and it hasn't come. There should be several letters there, and some from Washington, D. C.

The land is open for Soldiers 60 days, but it was all filed on, but there will be some more opened up in June real close to mine. That sure is a booming country. There are 39 and 1-2 acres under Eriogon on my 40.

If Dyke wants to get work there is lots of it around Frannie. I guess when I go on it Dever will be my P. O. address, as its only 1 1/2 or 2 miles from there, but send my mail to Livingston. I was out with Hovanna last night and took her out for supper.
